Ken and Liz Korkow operate the 'home place' where the 'Korkow Rodeos' tradition began and continues (Google: Korkow Rodeos). Ken and his son Adam have served in the Marine Corps and have a special care for those that have been combat-deployed. They have established the 'Post Traumatic Growth Institute' whose faith-based approach to PTSD has been officially approved by the Marine Corps and Navy with their materials available 'free' through all military branches, the Veterans Administration and various prisons that house veterans. Their conversations often include 'What I wish somebody woulda told me' and 'God doesn't waste pain'. Our guests provide their own transportation, firearms and ammo (*1), bedding and towels (*2), hunting license (*3), coolers and ice packs to take their birds home.

For more information / registration - contact Ken Korkow @ kkorkow@cbmc.com or cell phone 402-677-7082

(*1) The shooting ranges are excellent so feel free to bring your own rifles, shotguns, pistols, ammo. If you run short - we have extra.

(*2) Using your own bedding & towels lets you not have to do laundry before leaving the ranch - but if you are laundry-challenged we have plenty and can cover for you.

(*3) Out-of-state hunting licenses: \$115 for 2 5-day periods.
